#### Give Me One More Chance Lyrics/Chords Writer: Bobby Noble Album: naked

#### A few notes:

This lyrics/chords chart is to give you a *basic idea* of the words and harmonic outline. There's a lot going on in the studio recording that is not expressed below. There are bass riffs, passing tones, different chord voicings, etc in this song that are great but aren't necessarily critical to your interpretation.

Use the chart while listening to the song to get the complete picture.

Because we are in Eb minor- B is actually a Cb to make room for the existence of Bb. If you're confused by the Cb just imagine it's a B when playing :)

The Verses have guitar/bass riff lines that support the vocals without producing full chords. Still, the harmonic implications are clear-those are written as chord changes in this chart. The chorus chords also work with the verse melodies. There are many possibilities for you to choose from, or make your own thing :D :D

If you're using this chart for my *naked cover contest* remember to <u>spice it up</u> with your own take on things (rhythm, harmony, melody, phrasing, etc)- <u>there are no rules limiting your creativity</u> :D <3
